FUNDRAISING GALA 2025

SPONSOR PACKAGE

Helping Grow Healthy and Happy Neighborhoods

From the first Escondido Community Clinic established in 1969 to today, Neighborhood Healthcare provides healthcare services to nearly 100,000 patients annually via our 29 health centers located throughout the expansive areas of San Diego and Riverside counties.

Generous supporters like you make it possible to continue our mission of providing our communities with quality health care. By partnering with donors including individuals, family foundations, and businesses, Neighborhood can provide care to uninsured patients, regardless of situation or circumstance. Your partnership makes it possible for us to open our doors to more patients in need—some of whom have nowhere else to go.

We Serve Our Community

Every child deserves a healthy smile, but many families face barriers to dental care. Your donation can extend life-changing treatment to children, ensuring they grow up with confidence and good health.

Neighborhood Healthcare's Street Medicine Program provides essential, on-the-ground healthcare to individuals experiencing homelessness, that addresses complex medical, mental health, and substance use issues. Donor support extends these programs to reach more people in need.

A hardworking single mother juggling part-time jobs to provide for her family struggles to make ends meet while lacking insurance coverage. Thanks to the generosity of supporters, she gains access to insurance and other essential resources.

Donor support helps our PACE program for older adults combat isolation by providing essential care, transportation, and social connections. Together, we're creating a more connected, compassionate community where older adults can thrive with dignity and support while living at home.

Why Supporting Neighborhood Matters

At Neighborhood Healthcare, we believe that the generosity of our donors has the power to transform not only buildings but lives and communities. From Riverside to Lakeside, we seek to reach more individuals and families who will benefit from quality healthcare.

Join us as we reach our goal to raise \$10 million for new facilities, expanded services, and broader community outreach throughout Southern California.

FALL 2027 Menifee Health Center Opening

SPRING 2026 Lakeside Health Center Opening

SPRING 2025 Escondido Ohio St. Dental Center Opening

FALL 2024 PACE Murrieta Senior Center Opened
